

Quick Fit (Plug&Play) Harness

Part No: SGH6004

v20190416

Installation Instructions

Important notes before installing:

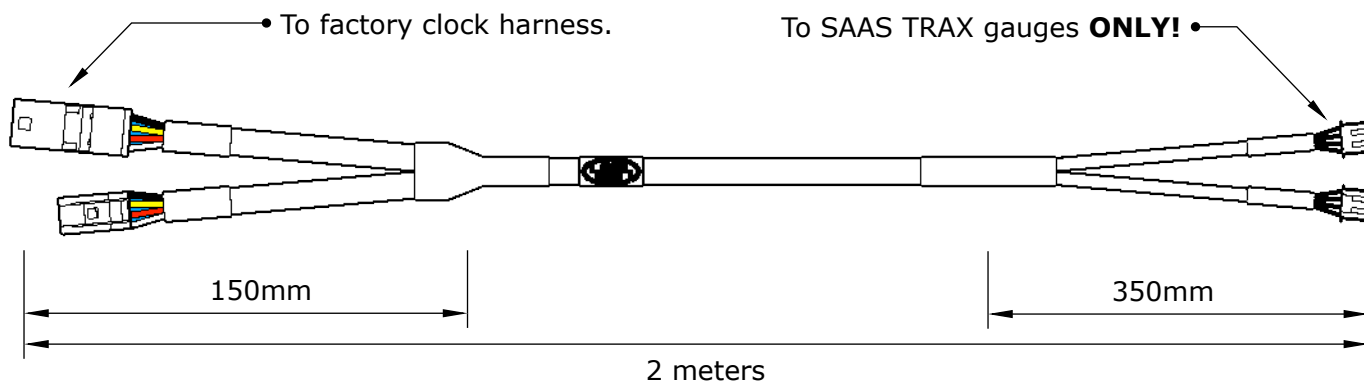

- Quick Fit harnesses are designed to power up gauges only! Any additional sensors that come with your gauges must also be installed. This fitting guide is to be used in conjunction with your gauge fitting instructions.
- **Tip:** Before you install this harness please check that the (2) gauge connectors are the correct type for your SAAS gauge series.
- **CAUTION:** All connectors should be plugged in **slowly** to prevent any damage to the pins and terminals and never pull on the wiring when disconnecting connectors!

Fitting Steps:

- **Step 1:** Remove the factory clock (if fitted) and unplug it. For vehicles without the factory clock locate the 8 pin connector that usually sits behind the clock.
- **Step 2:** Plug the 8 pin female connector from the gauge harness into the factory clock connector and then plug the male connector back into the clock (if fitted). For vehicles without the factory clock, the 8 pin male connector will not be used.
- **Step 3:** Plug your gauges in and check that they power up correctly. If your gauges fail to power up check the cabin and engine bay fuse boxes for any blown or missing fuses.
- **Step 4:** Run your gauge harness to your desired location and cable tie any loose wiring to prevent damage to the harness!

Warranty Terms & Conditions:

SAAS Automotive Pty Ltd warrants this product against defects in factory workmanship and materials for a period of twelve (**12**) months from the date of original purchase. This warranty applies to the first retail purchaser, is non-transferable and covers only where the product has been subjected to normal use or service. Provision of this warranty shall not apply to any SAAS Automotive product that has been used for a purpose for which it is not designed, or which has been altered in any way that would be detrimental to the performance or life of the product, or misapplication, misuse, negligence or accident. Warranty claims to the manufacturer must be transportation prepaid and accompanied with dated proof of purchase. On any part or product found to be defective after examination by SAAS Automotive Pty Ltd, SAAS Automotive Pty Ltd will only repair or replace the merchandise through the original selling dealer or on a direct basis. SAAS Automotive Pty Ltd assumes no responsibility for diagnosis, removal and/or installation labour, loss of vehicle use, loss of time, inconvenience or any other consequential expenses. The warranties herein are in lieu of any other expressed or implied warranties, including any implied warranty of suitability, and any other obligation on the part of SAAS Automotive Pty Ltd, or the selling dealer.
