

80 SERIES LANDCRUISER PILLAR POD

Installation Instructions

v20240409

Part No: SGP1212

Important notes before installing:

- All installation work should be done by a qualified professional to avoid damage to this product.
- This product is supplied raw and may discolour if exposed to direct sunlight for long periods. To avoid this, SAAS recommends colour matching this product to suit your vehicles interior. (See below for painting tips)

Fitting Steps:

- Fit the gauge cups to the pillar pod. (See page 2 for cup assembly)
 - Remove the factory grab handle and factory pillar trim if fitted.
 - Pull the outer door moulding back a little.
 - Fit the pillar pod to the vehicle and line up the pre-drilled hole with the top factory screw hole.
 - Use one of the supplied rivet clips to hold the pillar pod in place. **DON'T** insert the clip fully at this stage.
 - Push the outer door moulding back on so it goes over the pillar trim for extra support.
- **Fitting Tip:** Do not insert the rivet clip all the way until your gauge installation is complete. A spare rivet clip is supplied in the fitting kit if needed.

Painting Tips:

- **Colour Matching steps:** Use a scotch pad to lightly scuff the surface > clean with wax and grease remover > undercoat with plastic primer > spray top colour > do not clear coat.

Installing Gauges to Cups:

- The supplied o-rings (one for each gauge) are used to fit gauges to cups. The placement of the o-ring will determine how tight the gauge will sit in the cup. (refer to diagram)

Gauge Cup Assembly:

Warranty Terms & Conditions:

SAAS Automotive Pty Ltd warrants this product against defects in factory workmanship and materials for a period of twelve (12) months from the date of original purchase. This warranty applies to the first retail purchaser, is non-transferable and covers only where the product has been subjected to normal use or service. Provision of this warranty shall not apply to any SAAS Automotive product that has been used for a purpose for which it is not designed, or which has been altered in any way that would be detrimental to the performance or life of the product, or misapplication, misuse, negligence or accident. Warranty claims to the manufacturer must be transportation prepaid and accompanied with dated proof of purchase. On any part or product found to be defective after examination by SAAS Automotive Pty Ltd, SAAS Automotive Pty Ltd will only repair or replace the merchandise through the original selling dealer or on a direct basis. SAAS Automotive Pty Ltd assumes no responsibility for diagnosis, removal and/or installation labour, loss of vehicle use, loss of time, inconvenience or any other consequential expenses. The warranties herein are in lieu of any other expressed or implied warranties, including any implied warranty of suitability, and any other obligation on the part of SAAS Automotive Pty Ltd, or the selling dealer.
