

VE BERLINA/CALAIS DASH POD

Part No: SGP5105

v20201207

Installation Instructions

Important notes before installing:

- All installation work should be done by a qualified professional to avoid damage to this product.
- This product is supplied raw with a brushed surface finish and may discolour or warp if exposed to direct sunlight for long periods. To avoid this, SAAS recommends colour matching this product to suit your vehicles interior and using a **sun shade** to protect the dash pod and gauges from extreme heat!
(See below for painting tips)

Fitting Steps:

- Please test fit your dash pod before painting.
- Remove the centre dash trim from the back (closest to the windscreen) carefully using your hand or suitable tool.
- Assemble the gauge cups to the dash pod using the diagram below.
- Insert the dash pod carefully by pressing it down until it locks into position. **Please** make sure the locating clips are lined up with the factory holes before pressing it down, this will ensure you don't damage the locating clips.
- **Please note** that the locating clips are designed to hold the dash pod into position only, do not apply a lot of force to these clips or they may snap off and will **not** be covered under warranty!
- Once you have test fitted the dash pod remove it and SAAS recommends you paint it for the best look.

Fitting and Painting Tips:

- For best painting results, use a scotch pad to lightly scuff the surface, then clean with a wax and grease remover before applying a plastic primer and then your colour.
- **Centre dash speaker note:** After installing this dash pod you may notice a small gap at the front, this is for audio from the factory dash speaker to pass through.

Dash Pod Assembly:

Installing Gauges to Cups:

- The supplied o-rings (one for each gauge) are used to fit gauges to cups. The placement of the o-ring will determine how tight the gauge will sit in the cup. (refer to diagram)

Warranty Terms & Conditions:

SAAS Automotive Pty Ltd warrants this product against defects in factory workmanship and materials for a period of twelve (**12**) months from the date of original purchase. This warranty applies to the first retail purchaser, is non-transferable and covers only where the product has been subjected to normal use or service. Provision of this warranty shall not apply to any SAAS Automotive product that has been used for a purpose for which it is not designed, or which has been altered in any way that would be detrimental to the performance or life of the product, or misapplication, misuse, negligence or accident. Warranty claims to the manufacturer must be transportation prepaid and accompanied with dated proof of purchase. On any part or product found to be defective after examination by SAAS Automotive Pty Ltd, SAAS Automotive Pty Ltd will only repair or replace the merchandise through the original selling dealer or on a direct basis. SAAS Automotive Pty Ltd assumes no responsibility for diagnosis, removal and/or installation labour, loss of vehicle use, loss of time, inconvenience or any other consequential expenses. The warranties herein are in lieu of any other expressed or implied warranties, including any implied warranty of suitability, and any other obligation on the part of SAAS Automotive Pty Ltd, or the selling dealer.
